

ENROLL US!

We Want to Be a Member in EPA's Voluntary National Waste Minimization Partnership Program

GENERAL INFORMATION

Company Name: Osram Sylvania Products, Inc. Facility Name: Automotive Lighting
Principal Contact: Felice Janelle Title: Environmental Engineer
Facility Location: _____ City/State/Zip: Hillsboro, NH 03244
Mailing Address: _____ City/State/Zip: _____
Phone: (603) 464-7171 Fax: (603) 464-7570
Email: Felice.Janelle@sylvania.com EPA RCRA ID Number: _____

PARTNER AGREEMENT

Our organization/company is choosing to become a partner in EPA's National Waste Minimization Partnership Program. Our goal is to reduce the quantity of one or more Waste Minimization Priority Chemicals currently found in our hazardous and/or nonhazardous wastes using source reduction and/or recycling practices in lieu of waste treatment or land disposal practices. In this enrollment application, we identify one or more voluntary waste minimization goals that we believe we can achieve as Partners in this Program. The voluntary goals provided below are initial estimates and may change over time. We may revise our goals or withdraw from the program at any time. If/when choose to revise our goals or withdraw from the program, we will notify EPA.

GOAL #1. Chemical Name: Lead **CASRN:** 7439-92-1
Narrative description of proposed project and the method we will use to measure success: _____

Osram will transition from leaded glass to non-leaded glass in the manufacture of
miniature automotive light sources.

- Our voluntary source reduction goal for Chemical #1 is to reduce the amount of this chemical generated in hazardous waste from a baseline amount of 22,300 pounds generated in May, 2001 (month/year) to a reduced amount of 2000 pounds generated by May, 2006 (month/year).
- To accomplish this goal, we will explore the following source reduction options (check all that apply):

<input type="checkbox"/> Equipment or technology modifications.	<input type="checkbox"/> Process or procedure modifications.
<input type="checkbox"/> Reformulation or redesign of products.	<input checked="" type="checkbox"/> Substitution of less toxic raw materials.
<input type="checkbox"/> Improvements in inventory control.	<input type="checkbox"/> Improvements in maintenance/housekeeping practices.
<input type="checkbox"/> Other (explain): _____	
- Our (optional) voluntary recycling goal for Chemical #1 is to increase the amount of this chemical recycled from a baseline amount of _____ pounds in _____ (month/year) to an increased recycled quantity of _____ pounds by _____ (month/year).
- To accomplish this recycling goal, we will explore (check all that apply):

<input type="checkbox"/> Direct use/reuse in a process to make a product.
<input type="checkbox"/> Process the waste to recover or regenerate a usable product.
<input type="checkbox"/> Use/reuse as a substitute for a commercial product.
<input type="checkbox"/> Other (explain): _____

Authorizing Official/Title: Benjamin Soucy/Plant Manager Date: May 20, 2004
Project Contact (if different from Authorizing Official): Felice Janelle Phone: (603) 464-7171
